

Right on the lakefront on Queenstown Bay, Prime is the perfect venue for events with wow factor: gala dinners, awards nights and welcome lunches.

There are two entrances, one with a lift from street level and the other on the waterfront, ideal for groups arriving by water, who can be greeted with drinks on Prime's lake-side lawn.

Prime's floor-to-ceiling windows provide panoramic views of Lake Wakatipu and surrounding mountains and inside the stylish decor includes a central open fireplace and modern art by local artisans.

Prime's floor space can be divided into private areas for groups of up to 50 and, opened up, can seat 180 banquet style, 120 for conferencing or 250 for stand-up functions.

Prime's in-house music system is ideal for after-dinner dancing.
